EXPERIENCE

Pickyourtrail - SEO Intern

Oct 2025 - Present

- Spearheaded complete SEO optimization across IND/CE market regions by managing and optimizing 2,200+ URLs to improve organic rankings, crawl efficiency and search visibility at scale.
- Conducted in-depth keyword research, search intent mapping and content structure analysis to align on-page elements with user behavior, resulting in improved indexing rates, topical relevance and organic reach across target markets.
- Optimized full funnel performance by strategically integrating conversion-focused CTAs, lead capture forms and landing page elements across various touchpoints, leading to measurable improvements in lead generation and bottom-of-funnel conversion rates to +22%.
- Maintained a technical SEO infrastructure comprising redirect links management, canonical tag implementation, internal linking architecture and entity mapping to maintain tight content clusters, minimize link equity dilution and strengthen authority signals within the site.
- Performed rigorous quality assurance and SEO validation across 300+ URLs, for Zero click results by ensuring on-page alignment with search intent, Schema markups, Mapping content to common AI prompt patterns and conversational queries, E-E-A-T standards and content quality benchmarks prior to publication.
- Developed and executed an Online Reputation Management (ORM) strategy across digital channels, suppressing negative search results through authoritative content creation and strengthening positive brand narratives in SERPs.
- Contributed to brand positioning and digital identity by ensuring consistent messaging, tone of voice and brand value alignment across all optimized content, reinforcing brand authority and audience trust across target market regions.
- Leveraged structured data and schema markup implementation to enhance SERP visibility through rich results, improving click-through rates and brand prominence in competitive search landscapes.
